Mr. Young-Jin Kim is a partner at Shin & Kim whose main practice areas include e-finance, financial security, data protection laws, and capital market regulations.

As a deputy director of the Electronic Finance Division of the Financial Innovation Bureau of the Financial Services Commission, Mr. Kim oversaw revision of the regulations related to the financial cloud services and drafting of a comprehensive digital financial innovation plan for a full revision of the Electronic Financial Transactions Act. As a deputy director in charge, Mr. Kim served at the Financial Data Policy Division of the Financial Innovation Bureau of the Financial Services Commission to handle the policies and sanctions under the Credit Information Act and the operations of the MyData system, while overseeing revision of the relevant laws and guidelines. Furthermore, during his service at the Fair Market Division of the Capital Markets Bureau, Mr. Kim oversaw revision of the Capital Markets Act and its subordinate laws, the Asset-Backed Securitization Act, the 5% Rule and the corporate disclosure policy, such as the phased corporate ESG disclosure policy.
