Mr. Tae Seung Kim is a partner at Shin & Kim and his practice focuses on responding to police investigations, corporate criminal cases, serious disaster cases, and construction real estate disputes.

Based on his experience in investigating various crimes as an economic crime investigator (judicial police officer), Mr. Kim has a high level of expertise in handling police investigations, and he has obtained non-indictment decisions in a number of police cases, such as a case of violation of the Act on the Aggravated Punishment of Specific Economic Crimes by a large corporation (fraud) and a case involving occupational negligence resulting in death. He has also won acquittals in high-profile cases such as murder cases through his sophisticated legal arguments. Mr. Kim currently serves as the Secretary of the Serious Accident Center at Shin & Kim, where he plays a pivotal role in responding to major cases of serious accidents. In particular, he organizes and dispatches a response team that can be sent to the site immediately in the event of a serious accident. Before the on-site team arrives, he coordinates video conferences or conference calls with clients to ensure the fastest and most accurate initial response. He also provides comprehensive legal advice on serious industrial accidents. He recently developed a serious accident simulation training program that simulates investigation scenarios following an accident. This program helps companies identify and improve weaknesses in their safety and health management systems, and has been well received by several major clients such as Logistics Company S and Advertising Agency J. He also frequently conducts lectures and on-site inspections in the area of serious public accidents that are expected to be the subject of police investigations.

With extensive experience and exceptional expertise in serious industrial accident cases, he is highly regarded for providing the fastest and most accurate initial investigation response services when such accidents occur. He is also praised for his ability to quickly grasp the facts and the direction of the investigation, analyze the relevant legal principles, and formulate a systematic defense strategy. In addition, clients are highly satisfied with his prompt responses to their inquiries and his active response to civil, administrative, and other related inquiries arising from criminal cases.

Mr. Kim was recognized by Hankyung Business as the Best Lawyer in Serious Accidents in 2024, by Hankyung Business as the Best Lawyer in Criminal Law in 2023, and by Legal Times as a “Rising Star” in Corporate Criminal Law in 2023.
