Ms. Naeon Kim is an associate at Shin & Kim. Drawing on her background in science and technology, she advises and represents clients in civil and criminal cases related to trade secrets, unfair competition, and intellectual property rights.

Before joining Shin & Kim, she served as a judicial research officer at the Patent Court of Korea for two years, working on a wide range of intellectual property matters. These included actions seeking the revocation of decisions by the Intellectual Property Trial and Appeal Board, as well as intellectual property infringement litigation. Ms. Kim also served for one year as a judicial research officer in the division specializing in corruption and sexual offense cases at the Daegu High Court.
