Mr. Jihoon Yun is a Researcher at Shin & Kim, specializing in legislative and policy advisory, regulatory reform, and institutional improvement.

Mr. Yun majored in Constitutional Law and has developed strong normative research capabilities in legislation and public policy. He has conducted legislative and policy research, as well as research projects for various government agencies. Drawing on his accumulated research experience in regulatory and institutional reform, he analyzes changes in the legislative and policy environment and proposes practical legislative strategies and institutional reform measures that ensure legal soundness while enhancing policy effectiveness.

Leveraging his expertise in comprehensive legal and policy analysis, Mr. Yun provides practical solutions to a wide range of issues arising in the legislative and policymaking process, supporting rational institutional reform and informed policy decision-making.
